

ISO 9001:2015

Internal Auditor (2351) CQI and IRCA

Course Aim

The aim of this course is to provide the knowledge and understanding of the techniques needed to conduct quality auditing. This course covers the role of an internal auditor and the improvement of a quality management system. Delegates will gain knowledge of the importance of an effective quality management system and help them understand the role of an auditor and how to develop and improve. It introduces delegates to the ISO 9000 series standard and the 7 quality management principles.

This course will equip delegates with an understanding of the development and application of Quality Management techniques and how the ISO 9001:2015 standard is interpreted and implemented.

If you are booking with less than 3 working day's notice from the course start date please ring 0345 605 0006 to confirm this course.
